THE VISION FOR A NEW MOUNTBATTEN LIFESTYLE

KALLANG RIVER MASTER PLAN

Kallang to come alive with new sports and entertainment spaces

Redevelopment will see a velodrome, tennis centre and football hub built for the community by 2025.

1 KALLANG FOOTBALL HUB

To be completed by next year, the facility will have one full-sized natural turf pitch, two full-sized artificial pitches and one half-sized pitch for five-a-side or seven-a-side games. It will also have four sheltered futsal pitches and a perimeter running track.

2 SINGAPORE TENNIS CENTRE

Home of the National Training Centre for Tennis and ActiveSG Tennis Academy, the facility will have sheltered and open courts. This will replace the current centre and be open to the community.

3 YOUTH HUB AND VELODROME

Sport Singapore is working with the National Youth Sports Institute to develop the area, which will include spaces for sports like speed climbing and parkour. The authorities are completing the feasibility study for the velodrome that will serve as a National Training Centre for track cycling and be open to the public.

4 BENAAN KAPAL GREEN

An active community park space will be introduced along the waterfront and this could include park connectors, running trails and play areas for all ages.

5 REDEVELOPMENT OF KALLANG THEATRE

The existing Kallang Theatre and its adjoining areas will be redeveloped into an integrated sport, entertainment and lifestyle centre. Among the ideas proposed are: a multi-purpose indoor arena capable of hosting e-sports events, a themed hotel and an international sports medicine centre.

6 ALIVE GATEWAY AND LOOP

A new iconic circular walking and cycling loop will be built to trace the original airfield of the Kallang Airport and link to the waterfront across Stadium Boulevard and Nicoll Highway.

THE EAST COAST SUSTAINABILITY AND GREENERY PLAN

A green plan for East Coast

A new 15km central green corridor could soon connect East Coast Park to Changi Beach Park, via New Upper Changi Road and Loyang Way. Lined with native plants, the corridor will also be connected to parks and gardens in the area via a network of community corridors. These are part of plans to make the eastern parts of Singapore greener under the country's City in Nature vision.

What to expect:

Community gardens

Therapeutic gardens

Nature ways

Nature play gardens

CONNECTING GREEN SPACES

I look forward to partnering our people, especially residents of East Coast, to turn these plans into reality... These corridors will also connect our pockets of green space and enhance their overall biodiversity.

DEPUTY PRIME MINISTER HENG SWEE KEAT, on the proposed 15km green link.

A LIFE OF SPLENDOURS AWAITS YOU

Elevate and live in the coveted Mountbatten Conservation Enclave. Be surrounded by a legacy of bungalows and a neighbourhood rich in heritage. This is a global melting pot where the best and brightest meet the hip and the trendy. Fashionistas. Creative minds. Technopreneurs. Next generation movers and shakers. This is your world. This is LIV@MB.

Soaring above the exclusive Mountbatten landed homes enclave of District 15, LIV@MB is designed to showcase the reinterpreted modern architectural elements inspired by the historical bungalows and heritage shophouses of the 19th century.

Discover a distinct new style, evident in the design of **The Mountbatten Hall**, the main volume of The Clubhouse. Like a community barn, it is now transformed into a grand yet cosy modern space.

LIV@MB

A CLUBHOUSE INSPIRED BY SEAFRONT BUNGALOWS

The Clubhouse of LIV@MB is a collection of 5 distinctive pavilions along the “shoreline” of The Main Pool. The Mountbatten Hall is the main pavilion and function hall of the Clubhouse. It can be combined with The Dining Halls and The Jacuzzi Pool for spectacular celebrations.

As the community heart of LIV@MB, the pavilions are designed to bring residents together. Over vintage wines, bespoke cocktails and crafted cheese platters, conversations flow and neighbours leave as friends.

THERE'S ALWAYS A REASON TO CELEBRATE

In the 1850s, taverns were places where residents gathered for food and drink, and to be merry. Today, The Mountbatten Hall at LIV@MB is a special venue to make celebrations even more memorable.

Like the other pavilions, this function room is designed to look like a single storey pitched roof bungalow. It can be opened to a lawn and terrace, extending your party venue. This versatility makes it perfect for grand gatherings and joyous occasions.

HOMES FOR EVERY GENERATION

From our humble beginnings as a leading rubber company in 1911, we have diversified into the development of landed property in the Fifties. Bukit Sembawang Estates Limited (BSEL) was incorporated in Singapore in 1967. Listed on the Singapore Exchange, BSEL now focuses on property development, investment and other property-related activities.

For over half a century, we have been building some of Singapore's most well-known residential developments including more than 4,600 landed homes in Seletar Hills, Sembawang Hills, Luxus Hills and more than 1,800 residences units in Singapore's prime locations such as Districts 9 and 10.

As one of Singapore's pioneers in residential property development, we have established a reputation as a trusted developer of fine quality homes with great value. It is through this unwavering commitment that we have won numerous Accolades and Awards through the years.

Our exacting standards have delivered not just houses but distinctive lifestyle homes where lives revolve memorably around. Homes that are characterized by thoughtful planning, outstanding design, fine detailing and quality finishing - often surpassing the expectations of discerning home-buyers.
